HONG NGOC  
GENERAL HOSPITAL

A blurred background of a hospital room. On the left, a person in a white medical uniform is partially visible. In the center, a window with light-colored curtains is shown. Below the window, a bed with a blue headboard and white bedding is visible. The overall scene is softly lit and out of focus.

“ Caring for patients is not merely about treating illnesses but also about understanding, sharing, and bringing forth the best. Happiness begins with the state of being well.

# CHARITY PROGRAMS

## GIVING COMPASSIONATE ARMS

GIVING COMPASSIONATE ARMS is series of charity medical program hosted annually by Hong Ngoc General Hospital, providing examinations and medications to poor people living in Vietnam's remote areas. Through this humanistic activity, the hospital has contributed effective health care solutions to the community, helping the poor to access high quality medical services.

## CHARITY SURGERY FOR DISFIGURED CHILDREN

In corporation with Facing the World (UK) and Nuoy Reconstructive International (USA), Hong Ngoc General Hospital has organized examination sections and offered life - changing surgeries to disfigured children.
